Pursuant to the directives of the preliminary amendment filed 5/13/04, claims 1-6, 9-11 have been cancelled, and claims 12-15 added. Claims 7, 8, 12-15 are pending.

Claims 7, 8, 12-15 are rejected under 35 U.S.C. §112 second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- Claim 7 recites the following within the definition of R<sup>1</sup>:

“an acyl derived from an a amino acid or an acyl derived from a protected a amino acid”

Here, alpha-amino acid is probably intended rather than “a amino acid” .

See also the following phrase:

“an acyl derived from an a amino acid as defined above”

- In the last line of claim 7, the following is recited:

“linker is -O-, -CH<sub>2</sub>-“

Here, the “O” should instead be an uppercase “O”.

Applicants are advised that some of the text of the claims is not readily legible (it must be fully comprehensible to the persons responsible for printing the final document). If the claims are going to be submitted by fax, a larger font size should be used. Alternatively, the amendment can be submitted by mail.

No claim is allowed.
